ABOUT ME

I am a passionate Software Engineering student currently pursuing a Diploma in Software Engineering (6th Semester) while also studying Bachelor of Computer Science (4-Year Program) at Virtual University (5th Semester). I have developed a solid foundation in front-end and back-end development and continuously strive to expand my technical expertise. Alongside my studies, I am completing an English language course (Basic to Advanced) to strengthen my communication and professional skills, preparing myself for opportunities in the software industry.

EDUCATION

Bachelor Of Computer Science
Virtual University Of Pakistan 2024-Present

Diploma In Software Engineering
Aptech Pakistan 2023-Present

Intermediate
Govt.Higher Secondary School
Shah Panjo Sultan 2022 - 2023

WORK EXPERIENCE

Dot Net Developer & Angular(Internee) ThinkEd | April 2027 - Present

Full-Stack Development: Designed and developed dynamic web applications by leveraging .NET for robust, scalable backend services and Angular to build highly responsive, user-friendly frontend interfaces.

API Integration & Database Management: Built and integrated secure RESTful APIs, facilitating seamless data communication and optimizing SQL queries for efficient backend performance.

Teaching Assistant Aptech Pakistan | December 2026 - April 2027

Instruction & Batch Management: Led and instructed specialized short course batches, delivering clear lessons on foundational IT concepts, web technologies, and programming basics.

Faculty & Classroom Support: Closely assisted lead instructors with daily classroom operations, curriculum delivery, and setting up lab environments for practical sessions.

Dot Net Developer(Trainee) Wenawa | July 2025 - September 2025

Independent Training & Development: Independently acquired hands-on training in core .NET technologies and C# programming, focusing on designing and implementing structured backend logic.

SKILLS

- React
- .Net
- JavaScript
- Flutter
- SQL
- BootStrap
- Angular
- Php
- Css
- Html
